CRANE SYSTEMS

Our Cranes can be outfitted with each of our Vacuum Lift Solutions

Vacuhand Pro™ shown mounted on Pro Crane™

PRO CRANE™

The versatile articulating Pro Crane™ can be adapted to each individual workplace, with a reach of up to 13 ft, and a height-adjustable floor pillar. Add a mobile platform and you can easily move Mechline Pro Crane between different workstations – a simple manual pallet truck will suffice!

THE VERSATILE MOBILE ARTICULATING ARM CRANE OFFERS A WIDE RANGE OF END EFFECTORS AND MANIPULATORS.

Easyhand M™ shown mounted on Easycrane™

EASYCRANE™

The Easycrane™ series consists of flexible swing arm cranes with a vacuum lifter integrated in the swing arm – a complete workstation for quick and easy lifting! With ample reach and an adjustable floor pillar, Easycrane™ is adaptable to most workplaces.

WITH A MOBILE PLATFORM, THE VACUUM LIFTER CAN BE EASILY MOVED BETWEEN DIFFERENT WORKSTATIONS.

Easyhand Pro™ shown mounted on Jib-crane™

JIB-CRANE

Ronl's range of ergonomic jib cranes includes a complete product series from wall-mounted jib cranes and pillar-mounted jib cranes in aluminium to complete lifting units with integrated lifting equipment.

CRANE ARMS IN STRONG AND LIGHT ALUMINIUM OFFERS EASY AND FLEXIBLE MATERIAL HANDLING.

Easyhand Pro Rapid™ shown mounted on Bridge Crane

BRIDGE CRANE

Ronl's lightweight overhead crane system, Mechrail™, consists of extruded aluminium profiles to which trollies, suspension systems and accessories are fitted to provide ergonomic and flexible movement in x/y joints during lifting operations.

THE MECHRAIL™ ALUMINIUM CRANE SYSTEM IS DESIGNED TO MEET THE MARKET'S STRICTEST REQUIREMENTS FOR ACCESSIBILITY, SAFETY AND HANDLING ERGONOMICS.

Our Vacuum Lifters can be used with each of our Crane Systems

VACUUM LIFTERS

VACUHAND PRO™

Vacuhand Pro™ is an efficient vacuum lifter with the capacity to lift up to 550lbs. The lifter is operated with an operating handle with a two-handed grip, and is used for light and efficient handling of bags, cardboard boxes and sheet materials.

FOR BAG HANDLING, THE VACUHAND PRO™ IS THE OPTIMAL CHOICE THANKS TO THE LIFTER'S HIGH PERFORMANCE.

EASYHAND M™

Easyhand M™ is a flexible vacuum lifter with a modular design for loads of up to 110lbs. It makes it easy and comfortable to handle anything from pails and cardboard boxes to sheet materials such as glass and panels.

EASYHAND M™ PROVIDES FLEXIBLE AND OPERATOR-FRIENDLY MATERIAL HANDLING.

EASYHAND PRO™

Easyhand Pro™ is an effortless and comfortable vacuum lifter with a single-handed grip for the handling of loads up to 110lbs. The lifter's main strength is its smooth operation and lifting feel. Ideal for lifting pails, cardboard boxes and sheet materials.

EASYHAND PRO™ – AN EFFORTLESS AND COMFORTABLE VACUUM LIFTER FOR THE HANDLING OF LOADS UP TO 110LBS.

EASYHAND PRO RAPID™

Easyhand Pro Rapid™ is a very fast vacuum lifter with a single-handed grip, designed for applications that require fast handling of pails, cardboard boxes and packaging. Its main application is cardboard box handling at workstations in logistics and distribution.

EASYHAND PRO RAPID™ – THE VACUUM LIFTER FOR VERY FAST PARCEL HANDLING IN LOGISTICS AND DISTRIBUTION CENTERS.

WORLD-CLASS LIFTING SOLUTIONS
